

---

## EXPERIENCE SUMMARY

---

- Graphic/Web Designer with approximately ten years dedicated to Graphical User Interface (GUI) designs
- Developed multiple GUI designs enhanced with Cascading Style Sheets (CSS) and latest features of DHTML
- Incorporated coding techniques, such as: HTML, DHTML, JavaScript, ASP, Java, XSL and XML
- Designed web sites for healthcare, automotive, insurance, financial and government sectors

---

## TECHNICAL

---

<b>Languages:</b>	HTML, DHTML, JavaScript, ASP, SHTML, XSL and XML
<b>Hardware:</b>	IBM Compatible Workstation, Macintosh Workstation
<b>Software:</b>	Dreamweaver, Fireworks, Photoshop, Illustrator, Flash, TopStyle, AllWebMenus, Acrobat, GIF Builder, Kai's Power Tools, Alien Skin Eye Candy, Microsoft Office, Microsoft FrontPage, Bobby World Wide, JAWS for Windows, PageMaker, Premiere, After Effects, Quark Express, Macromedia Director, Macromedia Freehand, Xaos Paint Alchemy, MetaCreations Painter, MetaCreations Poser, MetaCreations RayDream Studio, MetaCreations LogoMotion
<b>Operating Systems:</b>	Windows Vista, Windows XP, MacOS
<b>Tools:</b>	Internet Explorer, Mozilla Firefox and various browser Plugins
<b>ADA Tools:</b>	JAWS for Windows, Bobby World Wide, W3C Validators, Cascading Style Sheets

---

## SKILLS SUMMARY

---

### Advanced Coding Techniques

- DHTML pages with JavaScript and CSS for aesthetic effects and easy site style maintenance
- ASP pages with server-side includes for advanced functionality, multi-user flexibility and easy site maintenance
- Java applets for site's visual enhancement and navigational purposes by incorporating sliding image links

### Web Design Software

- Macromedia Fireworks to design storyboards, comps and image slices that enhance site user interfaces
- Macromedia Dreamweaver to develop HTMLs and incorporated them into ASPs for server-side functionality
- Adobe PhotoShop and Illustrator for image optimization, iconographic menus and overall page aesthetics
- Bobby World Wide and JAWS for Windows for testing ADA Compliance of web page GUIs
- TopStyle and AllWebMenus for text enhancement and development of dynamic menu navigations
- Macromedia Flash and Director for design of eye catching 2-D animations optimized for web viewing
- MetaCreations RayDream Studio, Adobe Premiere and AfterEffects for cool 3-D web animation
- Adobe Acrobat for conversion and web optimization of detailed technical drawings and text documents
- Microsoft Visio for site development and visual presentation of site architecture / web page flow

### Traditional Graphics Skills

- Adobe Illustrator for design of logos, corporate branding and illustrations
- Adobe Photoshop for photo editing, special effects and color gradients
- Adobe PageMaker for the design and printing of business cards, postcards and storyboards
- QuarkXPress for the design and printing of business cards, stationary and periodicals
- Microsoft PowerPoint for creation of professional looking executive PowerPoint presentations

---

## PROJECT EXPERIENCE

---

### Freelance (2004 ~ Present)

Designed and developed functional and aesthetically pleasing websites and/or Flash animations for the following companies. After developing screen caps, the designs were sliced, DHTML coded and uploaded to the servers.

Pilates Fitness Evolution • [www.pilatesfitnessevolution.com](http://www.pilatesfitnessevolution.com)

The Doula Collective • [www.thedoulacollective.org](http://www.thedoulacollective.org)

QuickFit Health Centers  
Cybertrainer.ca • [www.cybertrainer.ca](http://www.cybertrainer.ca)

### Covansys (1999 ~ 2003)

Designed and developed the following Internet and Intranet sites. After developing screen caps, the designs were sliced, DHTML coded and uploaded to the servers.

Henry Ford Health System • Business Intelligence (PANS)  
Henry Ford Health System • HRMS PeopleSoft  
EATON Trucks • Customer Information System II  
Beaumont Hospitals & Vattikuti Cancer Institute  
Henry Ford Health System • Sleep Center Site  
Mid Atlantic Career Consortium • Workforce and Employer Development Site  
Visteon • VBOS Account Plan Tool  
Daimler Chrysler • DCX Events Site  
DDC Design Portfolio • Covansys Project  
Merrill Lynch • Clearing OTC  
Johnson Controls, Inc. • Enterprise Data  
Spartan Stores, Inc. • Retailers Online  
Johnson Controls, Inc. • Product Data Explorer  
Gale Group • InfoTrack Total Access and TA Kids  
Maryland Dept. of Labor, Licensing & Regulation • CareerNet Admin  
Johnson Controls, Inc. • Product Data Explorer  
North Carolina Dept. of Health & Human Services • Administration Intranet  
E-Books.com • Covansys Prototype

### Freelance & Contract Jobs (1995 ~ 1999)

Designed and developed Graphical User Interfaces (GUIs) for projects using WYSIWYG software and HTML text editors to encode websites. This included optimizing photos and creating illustrations and animations for web use.

Global Renaissance Alliance  
Cellular & More  
Alpha Electric  
Ford Motor Company • Family of Brands Site  
Royal Oak Medical Center  
Daimler Chrysler • JD Powers Intranet Checklist  
Ford Motor Company • Global HR Intranet  
Wayne State University • College of Engineering

## EDUCATION

B.A. in Graphic Design

• Wayne State University, Detroit, MI

• May 1996
